GUIDELINES FOR PAPER PRESENTATIONS

Oral presentations

- Oral presentations should be in PowerPoint format in 16:9 ratio.
- The number of slides should be kept to a maximum of 8-10.
- Avoid using links to any web services in your presentation.
- Each presenter will be given a time slot of 7 minutes in total, which is distributed as 5 minutes for presentation and 2 minutes for discussion.
- Any extra time taken during presentation beyond 5 minutes will be taken adversely while assessment.

Poster presentations

- Posters should be submitted in the form of e-posters in both power point and PNG format at a minimum resolution of 600 dpi and in 16:9 aspect ratio (Landscape).
- The presenting author has to present the poster in 3 minutes during the poster presentation session, and the time for discussion will be 2 minutes.

All the submitted abstracts will be evaluated by an expert committee using objective criteria based upon which they will be categorised as oral or poster presentations.

All the presenters are required to prepare their presentations as per the format/s mentioned above for oral and poster presentations.

The details regarding time slots for presentation will be shared soon along with the timeline for submission of prepared posters.
