

Effective\_\_\_\_\_

The University has well set mechanism to practice effective leadership to get deserving outcomes from various programs. Administrative Head, the Vice Chancellor and Executive Head, the Registrar have given emphasis on decentralization of administration. That is why various branches have been created in the University and all constituent colleges. Different divisional Heads have been granted appropriate financial powers with well set protocol to execute the issues of the University in all sections including Examination, Accounts, General procedures, Registration & Affiliation, Recruitment & Establishment., Academic, Audit, RTI branch, Public Relation Office etc.

The administrative tree of the University is as under:-

Hon'ble Governor → The Vice Chancellor → The Registrar → Constituent Colleges (Director(s)/Principal (s))

Affiliated Colleges → (College Management): Administrative Branches → (Respective Divisional Heads)

Pt. B. D. Sharma University of Health Sciences, Rohtak has sound well organised decentralised administrative infrastructure. Staff clinical meetings are held regularly to update the clinical faculty for future endeavours. All this leads to innovation as propagated by the faculty members as a community.

Pt. B.D. Sharma University of Health Sciences Rohtak popularly known as UHSR was established back in 2008 with a vision of

### **‘Sarve Santu Niramayah’**

In the span of 14 years, UHSR has been one of the biggest contributor to the medical fraternity in India. It currently stands at sixth position amongst the National Health Universities. Under the umbrella of UHSR, PGIMS and its other affiliates have further spread its wings not only to provide quaternary healthcare services but also conducive milieu for higher quality medical education and research. The institutes are renowned throughout the country and world-wide for its impeccable patient care services, quality medical education and research.

Great impetus is being given to the research curricula along with a quality medical education system. The advancements and adaptations of modern technologies are

continuously pursued. The University of Health Sciences, Rohtak offers its students, faculty and researchers excellent facilities including a world class library, ultra-modern physical infrastructure, National and International linkages with reputed institutions, organisations, ample avenues and opportunities for their overall development.
